New Client Enrollment Information

While considering Amanda Alarcon-Hunter or James Hunter for your health and wellness there are some things we would like for you to know.

1. We are not Medical Doctors (M.D.) and therefore we do NOT diagnose medical conditions nor do we prescribe prescription medications.
2. Since we are not Medical Doctors, we are prohibited from filling out health insurance or disability paper work. Therefore, we do not take medical insurance nor provide diagnostic codes.
3. Appointments can be done via skype, zoom, over the phone or in person. Please contact us at 210-367-7080 to set up an appointment.
4. Considering the new client packet is comprehensive we require that this be completed prior to your appointment.
5. The initial consultation is the longest due to the complete history we require from you. Please block out at least 2 hours of your day to complete the initial consult. Amanda will review all of your information and create a whole body wellness plan for you. We will have a complete plan specifically designed for you in 7-10 days from the initial consultation. This whole body wellness plan will consist of all natural products.
